Summary: So I have smashed the two worlds together, the movie and the show. Except Salma Hayek's Santanico is now Jacob Fuller's oldest daughter. This is a Seth/OC/Richie fanfic no incest.. Something bout the Gecko Brothers makes her feel like a Dangerous Woman, and do things that she probably shouldn't.

Dangerous Woman

Hello guys, I know I started another one but I needed to.

This is about From Dusk till Dawn and is basically parts of both movie and show. The characters are from the show but I borrowed Salma Hyek the original Santanico Pandemonium and she is now Elena Fuller.! I know it's strange but she is like a goddess in the movie so I thought why the hell not.

This story is rated MA+ So there will be smut, and dirty scenes I will give warning of when it is happening but other than that..boom.

This story is also a,

Seth/oc/Richie so if you don't like that take a hike! Nah but you probs shouldnt read this then.

Elena bobbed her head along with the ABBA music coming from the speakers on the RV.

Jacob Fuller glanced at his oldest daughter, very thankful that she was coming with them, though couldn't help but feel he was depraving her and her sibling of things they could e accomplishing.

Shaking his head he smiled as his beautiful daughter started to sing along loudly.

***I'd heard about him before,**

** I wanted to know some more,**

** And now I know what they mean,**

** He's a love machine...**

** Oh he makes me dizzy!**"

Kate Fuller having heard the singing came and joined her father and sister/role model in the front.

Now Kath loved her sister, anyone could tell. Yet she couldn't stop the jealousy of her. Her sister was perfect.

Beautiful, wickedly beautiful. Smart, independent, caring, kind, maternal.

How could one person be so perfect?

Kate knew anyone would feel insecure compared to her sister, with her long blackish-brown hair that cascaded seductively down her back, her perfect, hourglass body shape, her full blood red cupid bow lips, her melted chocolate coloured eyes with long black eye lashes...hmpf.

She felt miniscule next to her sister, that was why when she Elena announced she was going on a date with Kyle from church did she snap.

Elena had dated Kyle for about 2 weeks when she walked into the back room of the church and found Kate wrapped around Kyle like a vine.

That moment fractured their relationship forever.

Elena never completely forgave Kate for it, and she didn't talk to her for a few days until Kate came into her sister's room sobbing out apologies. Elena had immediately pulled her blankets back and Kate climbed into bed with her. Elena spent the rest of the night whispering songs in her ear and stroking Kate's hair.

Kate was ripped out of her daydream by her sister's long nails poking her nose.

"Space cadet, you in there...dad the lights are on...doesn't look like anyone's home!" Her sister's teasing, Spanish accented voice woke her completely. She glared playfully at Elena who smiled a beautiful smile at her.

"So you completely missed the car breaking down...you ok KittyKat?" Elena asked worry creasing her brow. Kate just smiled at her and nodded.

"Well father, as fun as this thing is, I am gonna take a nap. Just ask someone if they have tools, for your children's sake. Dad...think of the children." She giggled before running to the couch and throwing her head into Scott's lap. He grinned down at her and continued playing on his game thing.

TIME SKIP

Kate dragged her father out of the bar angrily stomping. She banged on the door, as it swung open Elena stood there dishveled and disappointed in their father.

"Oh papi." She whispered taking his other arm and they hauled him to the couch.

Elena turned to her sister and handed her the keys.

"You drive, I'll take care of him. Scott get me a wet rag please." She angrily.

Both not questioning their sister did as they were told before she broke out in Spanish cursing.

Incase you weren't aware. Jacob and his wife thought they couldn't conceive so they adopted a 11 year old girl from Spain. She was a lucky find and the orphanage fought tooth and nail to keep her but the Fullers won.

Soon Jane Fuller fell pregnant with Kate and Elena was the protective mama bear. After that they adopted a baby from China thus giving us Scott. Elena was their second mother and they talked to her about everything.

After their mother died they completely turned to Elena to care for them which she did.

She was lethal when someone threatened or hurt her siblings, she wouldn't stand for it.

Where were we...oh right.

Anyway Kate drove them to a quaint little Motel called the Dew Drop. She was about to pull in when a handsome man drinking jumped out in front of her making her slam on the brakes. Waking her father from his stupor, and Elena rushed toward the front just in time to hear the tail end of Scott and Kate's conversation.

"-guy's problem!?" Kate exclaimed.

Elena rushed forward,

"What happened? Are you ok? Any bones broken? Concussion? I know CPR!" She cried. Scott and Kate just stared at her before laughing at her rambling.

Elena folded her arms across her chest puffing her cheeks and raising an eyebrow at them.

Kate cleared her throat,

"No just some di- sorry idiot jumped our infront of me drinking a beer!" Elena growled, her eyes flashing a dark brown.

She rambled in Spanish while her brother and sister tried to pick some words out.

"Can you go get a room please?" Elena said turning to her now awake father. He rubbed his face looking away from her piercing disappointed gaze.

He walked out while the other 3 grabbed their stuff.

Elena scanned the grounds and immediatley something caught her eye.

A fucking pool.

"Kate when we get to the room bathers on, we gonna go swimming chicka." Kate laughed and noddod as their father came back and led them to their rooms.

TIME SKIP

Elena POV

I followed Kate to the room amd we both went to the bathrooms to change into our bathers.

We stripped off quickly and pulled on our bathers, hers being graphic bra shaped and mine, fire engine red halter top bikini, that made my girls look amazing.

We were ready for the pool.

End
file.
